<Special Items>

The hike of travel cost to Japan and congestion during the Golden Week had some impacts on inbound visitors to Japan. However, the number of inbound visitors to Japan exceeded that of the same month last year mainly due to the increase in inbound visitors from China, and hit the highest record for May.

Many hotels owned by JHR, such as the hotels in Hokkaido and Okinawa, attracted high demand with high price during the Golden Week. As a result, RevPAR of total of the Major 21 Hotels with variable rent, etc. and the Eleven HMJ Hotels exceeded those of the same month last year.
