I . Introduction: Impact of COVID-19

1. Introduction: Impact of COVID-19

Year-on-year of Number of Overnight Guests in Japan and RevPAR of The 24 Hotels with Variable Rent, etc.

Source: Statistics of Overnight Travel by Japan Tourism Agency

(*) The 24 Hotels with Variable Rent, etc. are The 14 HMJ Hotels plus ibis Tokyo Shinjuku, ibis Styles Kyoto Station, ibis Styles Sapporo, Mercure Sapporo, Mercure Okinawa Naha, Mercure Yokosuka, the b ikebukuro, the b hachioji, the b hakata and the b suidobashi. The 14 HMJ Hotels are Kobe Meriken Park Oriental Hotel, Oriental Hotel Tokyo Bay, Namba Oriental Hotel, Hotel Nikko Alivila, Oriental Hotel Hiroshima, Okinawa Marriott Resort & Spa, ACTIVE-INTER CITY HIROSHIMA (Sheraton Grand Hiroshima Hotel), Oriental Hotel Fukuoka Hakata Station, Holiday Inn Osaka Namba, Hilton Tokyo Narita Airport, International Garden Hotel Narita, Hotel Nikko Nara, Hotel Oriental Express Osaka Shinsaibashi, and Hilton Tokyo Odaiba.

1. Introduction: Impact of COVID-19 (cont.)

- ◆ Due to the impact of COVID-19, significant reduction of dividend is expected
- ◆ Implement countermeasures to overcome the crisis of COVID-19

Summary of Forecast for 2020

(Unit: JPY MM)

	Full Year 2020 (forecast)	Variance from the Initial Forecast ^(*1)
Operating Revenue	13,126	(56.2%)
Real Estate Operating Revenue	9,970	(66.7%)
Fixed Rent, etc.	8,921	(50.4%)
Variable Rent	1,049	(91.2%)
Gain on Sale of Properties, etc.	3,156	—
Net Income	243	(98.5%)
Use of Negative Goodwill	319	—
Dividend per Unit (JPY)	126	(96.6%)

Initiatives of JHR

Response to Requests for Rent Reduction, etc.

- Implement measures to reduce hotel operating costs in cooperation with operators
- Comprehensively judge on requests for rent reduction
- Agreed on rent with HMJ^(*2)

Sale of Property

- Sold a limited-service hotel in Tokyo in July 2020
- Add source of dividend and improve liquidity on hand

Refinancing

- Maintain sound relationships with lenders
- Secure financial soundness and stability

Review of CAPEX

- Review of all capital expenditures (CAPEX) including large-scale renovations
- Prioritize improvement of liquidity on hand

(*1) Stating the figures of forecast announced in Financial Report for the Fiscal Year Ended December 2019 (January 1, 2019–December 31, 2019) dated February 20, 2020.

(*2) HMJ represents Hotel Management Japan Co., Ltd. or Hotel Management Japan Co., Ltd. and its subsidiaries. The same shall apply hereinafter.

II. Initiatives of JHR

1

Response to Requests for Rent Reduction, etc.

2

Sale of Property

3

Refinancing

4

Review of CAPEX

1-1. Response to Requests for Rent Reduction, etc.

- ◆ Comprehensively judge on requests for rent reduction based on the policy
- ◆ Agreed with HMJ regarding rent

Status of Operators

Number of Operators of JHR

16 operators

Of these, 11 operators, including HMJ, requested a rent reduction

Breakdown of Operators

(*) Based on acquisition price. A parenthesis represents the number of hotel.

Policy of Decision-making on Rent

Make sure that operators are executing maximum efforts to reduce hotel operating costs, etc., and make comprehensive decisions based on the items below.

1

Details of lease contracts and rent levels (changes in rent burden ratio during the operating period, etc.)

2

Financial condition of operators (Business continuity risk)

3

Potential of alternative operators

* No problems with hotel management capability of operators

Progress in Decision-making

HMJ

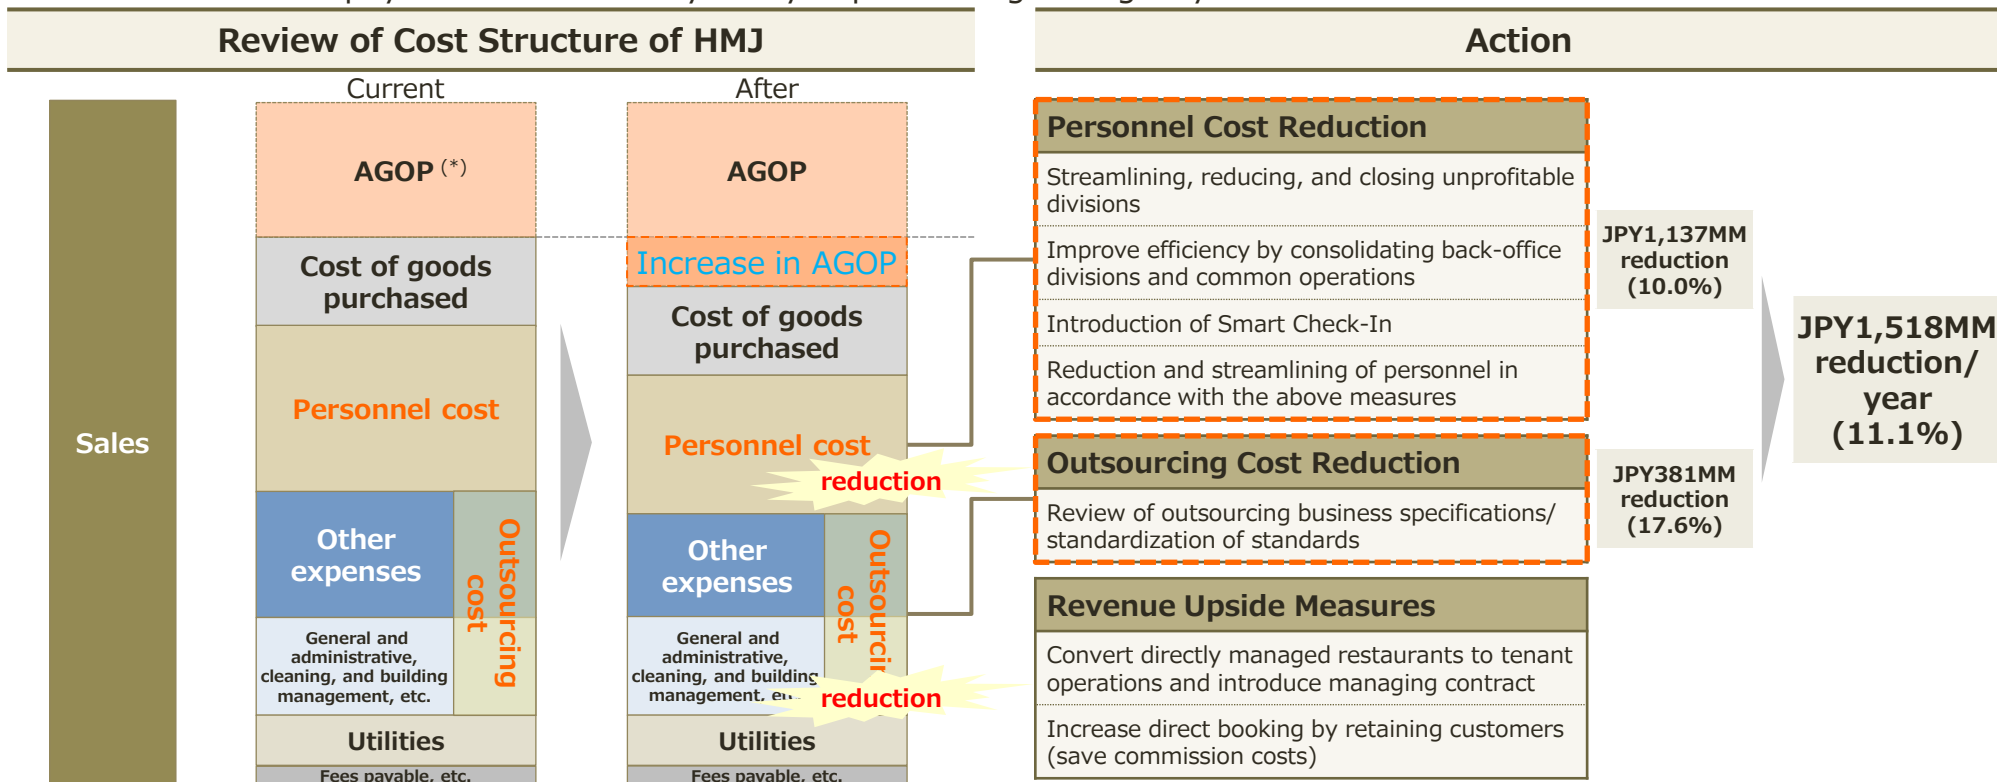

- Agreed to amend a lease contract and changed a rent structure for 2020 onwards

Other operators

- Continuing negotiations with some operators
- For the revenue forecast for FY2020, 200 million yen is expected as a risk of rent reduction

1-2. Restructuring Plan of HMJ

- ◆ Implemented a large-scale cost reduction to improve profitability and strengthen financial conditions
- ◆ Maximize the rent payable for this fiscal year by implementing emergency measures in 2020

<Emergency Measures in 2020>

- Maximize the rent payable by implementing emergency measures

Personnel	Temporary salary/bonus reduction
	Utilization of subsidies (government subsidies for employment adjustment, etc.)
Operating Cost	Suspension or reduction of outsourcing contracts
	Control sales and marketing expenses
	Control purchases of consumables
Secure Funding	Use of financing backed by public policy
	Deferred tax payments
	Funding support from the sponsor

Reduction of JPY4,258MM
(including some of the costs above)

(*) AGOP (adjusted GOP) is the amount calculated by subtracting certain fees and other items from GOP.

1-3. Change in Rent from HMJ

◆ Reconstructing sustainable relationships with HMJ, the largest operator

Decision on Rent in 2020

✓ Based on the current contract, the rent structure was changed to variable rent from February onwards, when the impact of COVID-19 became apparent.

	Total rent	Fixed rent	Variable rent	Initial forecast of fixed rent	Variance from the initial forecast
The 14 HMJ Hotels	JPY1,151MM	JPY794MM (for one month (for January))	JPY357MM <GOP × ratio of each property – fixed rent for one month>	JPY9,530MM	(JPY8,379MM)
Of these, Hilton Tokyo Odaiba	JPY258MM	JPY258MM	JPY0	JPY3,100MM	(JPY2,842MM)

Change in Lease Contract (2021 and 2022 onwards)

✓ Changed the current contract.

2021	Variable rent only (The fixed rent is not set as 2021 is a recovery period of hotel performance)
2022 onwards	Fixed rent Same amount as the previous lease contract ^(*2)
	Variable rent Review the GOP base for each property and set variable rent ratio with appropriate rent burden ratio ^(*3)

Receive part of HMJ's cost reduction as variable rent, and **collect the fixed rent reduction/ waived in 2020 in the future**

Rent Burden Ratio

✓ In 2020 the rent burden exceeds GOP, but from 2021 onwards, the rent burden ratio is decreased due to the change in the rent structure.

2020 (forecast)	GOP	Rent which HMJ can pay	Rent which GOP exceeds GOP base	Rent burden ratio (rent/GOP)	2019 actual (annualized) ^(*4) (A)	New rent structure (2021 onwards) ^(*5) (B)	(A)–(B)
	JPY204MM	JPY1,151MM	JPY947MM		89.2%	85.5%	(3.7pt)

• The rent burden ratio is decreased, and part of the cost reduction effect **can be retained**
• **Strengthen the financial position**

(*1) For change in rent from HMJ, please see "Notice Concerning Revision of Fixed-Term Lease Agreement" on August 25, 2020.

(*2) The fixed rent of Hilton Tokyo Odaiba is the same amount as the fixed rent on and after 2021 (JPY1.6Bn), which was stipulated in the contract before revision.

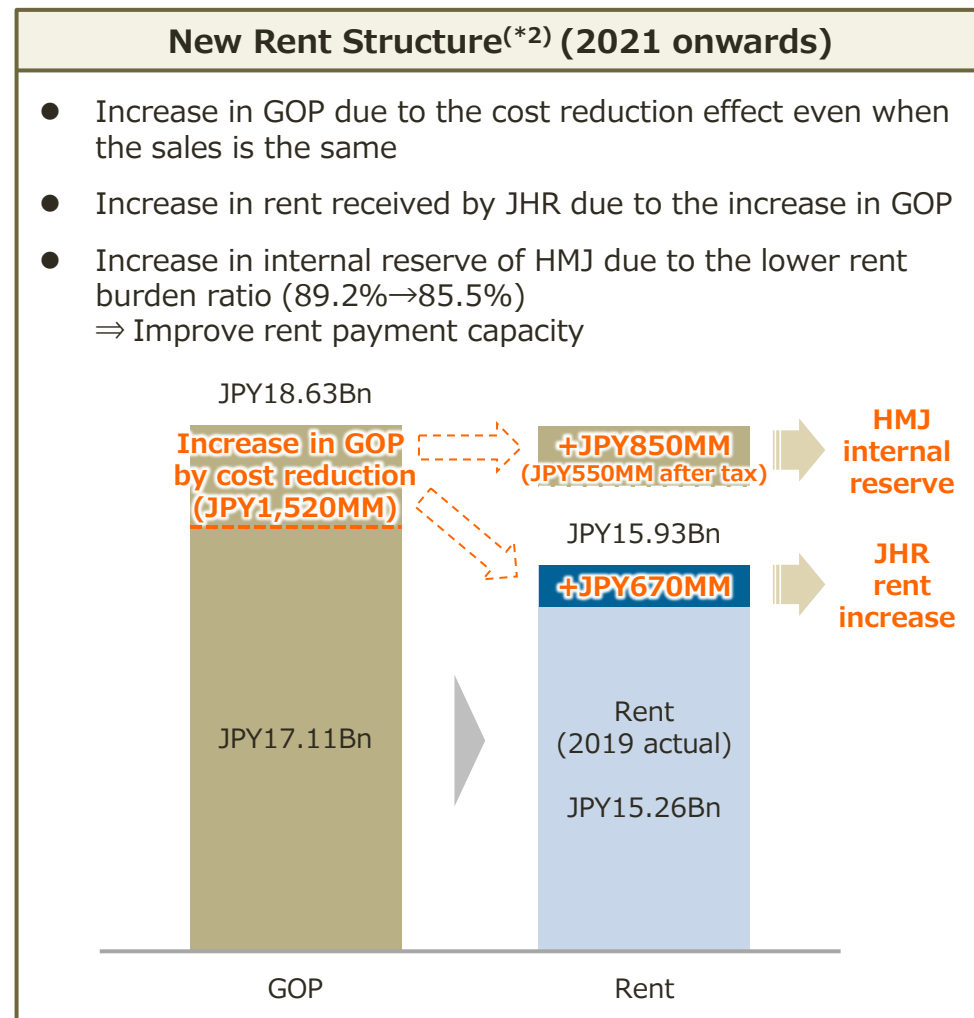

(*3) When AGOP of each hotel exceeds AGOP base, the fixed rent is calculated by multiplying the amount by the fixed rent set for each hotel.

(*4) The rents of Hotel Oriental Express Osaka Shinsaibashi and Hilton Tokyo Odaiba were annualized. The fixed rent of Hilton Tokyo Odaiba was calculated at JPY1.6Bn.

(*5) The figure was calculated based on certain assumptions based on hotel performance in 2019. The figure may differ depending on the actual GOP results.

1-4. New Lease Contract with HMJ (2021 onwards)

- ◆ Share the effect of cost reduction of HMJ by JHR (as rent) and HMJ
- ◆ **Based on the hotel performance in 2019**, the cost reduction amount of **JPY1,520MM** will be equally divided into JHR rent of **JPY670MM** and HMJ internal reserve of **JPY850MM** (**JPY550MM** after tax)

(^{*1}) The rents of Hotel Oriental Express Osaka Shinsaibashi and Hilton Tokyo Odaiba were annualized. The fixed rent of Hilton Tokyo Odaiba was calculated at JPY1.6Bn.

(^{*2}) The actual GOP in 2019 is stated for comparison. However, in the new rent structure, when AGOP of each hotel exceeds AGOP base, the fixed rent is calculated by multiplying the amount by the fixed rent set for each hotel.

2. Sale of Property

- ◆ Improve revenue available for dividends and improve liquidity on hand

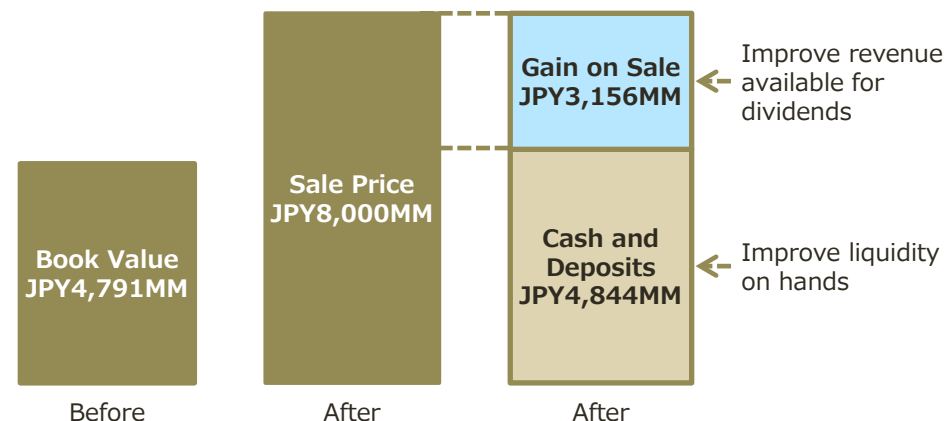

Sale of Property (July 2020)

- Sold a large, limited-service hotel in Tokyo, which has a large amount of unrealized gain

Sotetsu Fresa Inn Shimbashi-Karasumoriguchi

Sale Price	JPY8,000MM
Acquisition Price	JPY4,800MM
Book Value ^(*1)	JPY4,791MM
Gain on Sale	JPY3,156MM
Appraisal Value ^(*2)	JPY8,950MM

Use of Gain on Sale

Change in Asset Size

	April 2012 (merger)	FY12/2012 (13th Period)	FY12/2013 (14th Period)	FY12/2014 (15th Period)	FY12/2015 (16th Period)	FY12/2016 (17th Period)	FY12/2017 (18th Period)	FY12/2018 (19th Period)	FY12/2019 (20th Period)	FY12/2020 (21st Period forecast)
No. of Properties	28	28	28	30	36	41	44	41	43	42
No. of Acquisition		2	2	3	9	5	3		2	
Acquisition Price		JPY10.8Bn	JPY32.6Bn	JPY15.7Bn	JPY57.0Bn	JPY61.0Bn	JPY32.6Bn		JPY65.1Bn	
No. of Dispositions		2	2	1	3			3		1
Sale Price		JPY0.8Bn	JPY2.6Bn	JPY0.7Bn	JPY4.8Bn			JPY12.1Bn		JPY8.0Bn

(*1) As of the end of June 2020.

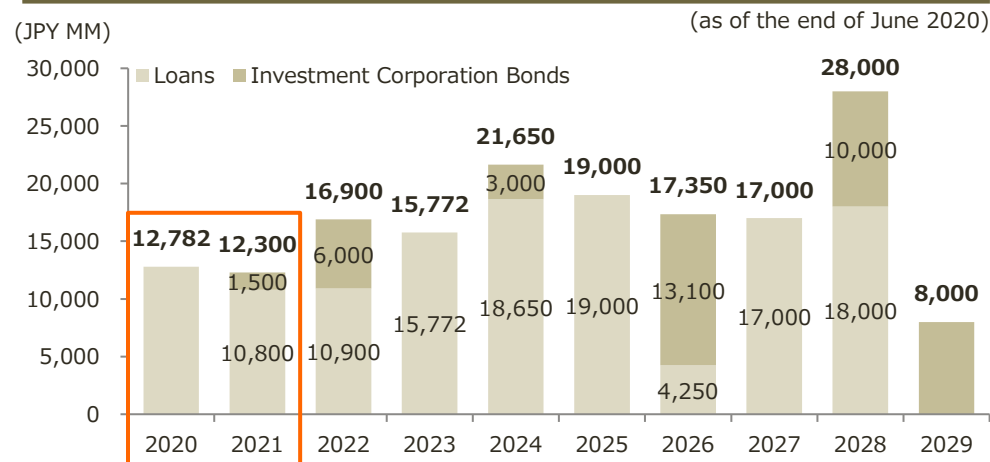

(*2) As of the end of December 2019.

Aim for Successive Growth

3. Refinancing

- ◆ Maintain sound relationships with all lenders and discuss more closely than ever before
- ◆ Continue to maintain financial soundness and stability

Repayment Schedule of Interest-bearing Debt

Refinancing in Second Half of 2020 and 2021

<Second half of 2020>

Repayment Date	Balance	Cost
September 30, 2020	JPY11,847MM	0.93%
December 30, 2020	JPY935MM	
Total	JPY12,782MM	

<2021>

Repayment Date	Balance	Cost
March 31, 2021	JPY6,800MM	1.62%
September 30, 2021	JPY4,000MM	
December 30, 2021 (Investment corporation bonds)	JPY1,500MM	
Total	JPY12,300MM	

Main Financial Indicators

Changes in LTV (total asset base) ^(*) (End of FY12/2020 (expected) (21st Period))	42.2%
Cost for all interest-bearing debt (as of the end of June 2020)	1.0%
Average life of debt (as of the end of June 2020)	4.7 Year
Free cash after deducting dividends as of the end of December 2020 ^(*) (forecast)	JPY16.0Bn

(*) LTV as of the end of each period/year. LTV as of the end of June 2020 is 42.3%.

(*) The above figures represent cash and deposits, excluding various reserves for trust and amount equivalent to dividends to be paid, etc.

Status of Credit Rating

Japan Credit Rating Agency, Ltd. (JCR)	A+ (stable)
Rating and Investment Information, Inc. (R&I)	A (stable)

4. Capital Expenditure and Depreciation

◆ Reviewed all CAPEX including large-scale renovations and prioritize improvement of liquidity on hand

(*) The expenditures related to large-scale renovation of Hilton Tokyo Odaiba in FY2020 (21st Period) were expected to be JPY3,000MM, and the expenditure of large-scale renovation of Namba Oriental Hotel in FY2021 (22nd Period) were expected to be JPY2,600MM. However, both large-scale renovations were postponed.

III. Summary of Midterm Settlement of Accounts and Revenue Forecast for the Full Fiscal Year

1. Midterm Results for the Fiscal Year Ending December 2020

(Unit: JPY MM)

		FY12/2019 (20th Period)		FY12/2020 (21st Period)		Variance	
		Midterm Actual (A)		Midterm Actual ^(*1) (B)		(B)–(A)	%
Proper ties	No. of Properties	43		43		0	–
	Acquisition Price	374,508		374,508		0	–
Profit and Loss	Operating Revenue	12,719		5,536		(7,182)	(56.5%)
	Real Estate Operating Revenue	12,719		5,536		(7,182)	(56.5%)
	Fixed Rent	59.3%	7,537	80.3%	4,446	(3,090)	(47.1%)
	Other Income	4.5%	576	8.0%	443	(132)	(22.4%)
	Variable Rent	36.2%	4,606	11.7%	646	(3,959)	(86.0%)
	NOI ^(*2)	10,679		3,588		(7,091)	(66.4%)
	Depreciation	2,165		2,365		200	
	Asset Retirement Obligations Expenses	1		1		0	
	Loss on Retirement of Noncurrent Assets	218		0		(218)	
	NOI after Depreciation ^(*2)	8,294		1,220		(7,073)	(85.3%)
	Other Operating Expenses	1,001		894		(106)	
	Operating Income	7,293		325		(6,967)	(95.5%)
	Non-operating Income	9		35		25	
	Non-operating Expenses	948		911		(37)	
	Ordinary Income	6,354		(550)		(6,904)	–
	Net Income	6,353		(551)		(6,904)	–

Major Causes of Variance

Fixed rent

- The 14 HMJ Hotels (JPY3,115MM)
 - Rent from office and commercial tenants, etc. JPY24MM
- total (JPY3,090MM)**

Variable rent

- The 24 Hotels with Variable Rent, etc. (JPY3,437MM)
 - [Of these, The 14 HMJ Hotels (JPY2,058MM)]
 - Other revenue sharing, etc. (JPY522MM)
- total (JPY3,959MM)**

(*1) For detail, please refer to Midterm Financial Report for the Fiscal Year Ending December 31, 2020 (January 1, 2020–December 31, 2020) dated August 25, 2020.

(*2) Each is calculated using the following formula: NOI (Net Operating Income) = Real estate operating revenue – Real estate operating costs + Depreciation + Loss on retirement of noncurrent assets + Asset retirement obligations expenses
NOI after depreciation = Real estate operating revenue – Real estate operating costs

2. Revenue Forecast for the Full Year Ending December 2020

			(3,564)							

Major Causes of Variance of Existing Properties

Fixed rent

- The 14 HMJ Hotels (JPY8,736MM)
- Other tenants (JPY11MM)

Total (JPY8,748MM)

Variable rent

- The 24 Hotels with Variable Rent, etc. (JPY9,771MM)
[Of these, The 14 HMJ Hotels (JPY6,614MM)]
- Decrease in variable rent, etc. in other hotels (JPY1,163MM)

Total (JPY10,935MM)

Use of Negative Goodwill^{(*)5}

<FY12/2019>

- 50-year negative goodwill amortization JPY262MM
- Adjustment for dilution JPY310MM
- Correspondence to large-scale renovation work JPY357MM
- Loss on retirement of noncurrent assets JPY246MM

Total JPY1,176MM

<FY12/2020 (plan)>

- 50-year negative goodwill amortization JPY262MM
- Loss on retirement of noncurrent assets JPY19MM
- Amortization of Trademark rights JPY37MM

Total JPY319MM

(*)1 For details, please refer to Midterm Financial Report for the Fiscal Year Ending December 31, 2020 (January 1, 2020–December 31, 2020) dated August 25, 2020.

(*)2 Stating the figures of forecast announced in Financial Report for the Fiscal Year Ended December 2019 (January 1, 2019–December 31, 2019) dated February 20, 2020.

(*)3 Stating the amount of effect of Sotetsu Fresa Inn Shimbashi-Karasumoriguchi, which was sold in July 1, 2020.

(*)4 Existing properties refer to 42 properties JHR owns as of August 25, 2020. The same shall apply hereinafter.

(*)5 Please refer to P.17 for the use of negative goodwill (reserve for temporary difference adjustment).

3. Dividend per Unit and Negative Goodwill

◆ Under the uncertain environment, priority is given to improving liquidity on hand

Dividend per Unit Growth

Breakdown of Dividend per Unit

	Forecast of full year 2020	Impact on dividend per unit
Net income for the current fiscal year excluding gain on sale	(JPY2,913MM)	(JPY652)
Gain on sale of property	JPY3,156MM	JPY707
Reverse amount of negative goodwill	JPY319MM	JPY71
Total amount for dividend for FY12/2020	JPY562MM	JPY126

(*) The amount of sales effect represents dividends per unit which were increased due to sales of properties.

Negative Goodwill

<Policy for Use of Negative Goodwill>

1. Add JPY262 million (50-year amortization amount of negative goodwill) to dividends every period
2. In addition to above, dividends will be increased in response to the following

- Cope with losses caused by property dispositions
- Cope with loss on retirement of noncurrent assets
- Cope with dilution of dividend per unit
- Cope with inconsistency between tax and accounting treatments (Amortization of fixed-term leasehold of land, amortization of asset retirement obligations, etc.)
- Cope with suspension of sales and such due to large-scale renovation works with significant impact on revenues

<Amount used in FY12/2019>

50-year amortization amount on negative goodwill	: JPY262MM
Adjustment for dilution	: JPY310MM
Cope with large-scale renovation works	: JPY357MM
Cope with loss on retirement of noncurrent assets	: JPY246MM
Total amount	: JPY1,176MM

Balance of Negative Goodwill after the end of December 2019	JPY10,617MM
--	--------------------

<Amount to be used in FY12/2020>

50-year amortization amount on negative goodwill	: JPY262MM
Cope with loss on retirement of noncurrent assets	: JPY19MM
Amortization of trademark rights	: JPY37MM
Total amount (plan)	: JPY319MM

Balance of Negative Goodwill after the end of December 2020 (forecast)	JPY10,298MM
---	--------------------

4. NAV per Unit and Appraisal Value

- ◆ NAV and the appraisal value declined slightly by 6.8% and 4.3%, respectively, reflecting the current decline in appraised cash flow, despite no major changes in the CAP rate
- ◆ Maintain a high level of unrealized gains of about JPY130Bn

NAV per Unit Growth

Change in Appraisal Value

(as of June 30, 2020)

	No. of Property	Acquisition Price (JPY MM)	Appraisal					
			Price (JPY MM)	Variance (*1)	Cap Rate (*2)	Variance of Cap Rate (*2)	Net Cash Flow (JPY MM)	Variance of Net Cash Flow
End of December 2019	43	374,508	525,910	2.0%	4.5%	-	23,452	-
End of June 2020 (*3)	42	369,708	494,690	(4.3%)	4.5%	0.1pt	22,422	(2.9%)

(*1) Variance is based on the properties owned by JHR as of the end of each fiscal year.

(*2) Cap rate and variance of cap rate are rounded off.

(*3) Figures for the end of June 2020 are for 42 properties excluding Sotetsu Fresa Inn Shimbashi-Karasumoriguchi.

Changes in Appraisal Value (Unrealized Gains)

(*) Unrealized gains are calculated by subtracting book value from appraisal value. Figures for the end of June 2020 are for 42 properties excluding Sotetsu Fresa Inn Shimbashi-Karasumoriguchi.

IV. Status of Hotel Operations

1. Monthly Performance of the 24 Hotels with Variable Rent, etc.

Monthly Performance of the 24 Hotels with Variable Rent, etc.

Of these, Monthly Performance of the 14 HMJ Hotels

(*) Figures for August 2020 to December 2020 and full year 2020 are forecast figures.

2. Performance of the 24 Hotels with Variable Rent, etc.

Performance and Forecast of Major Indicators

Occupancy (right axis) ADR (left axis) RevPAR (left axis)

Total of the 24 Hotels with Variable Rent, etc.

The 14 HMJ Hotels

Performance and Forecast of GOP

3. RevPAR Variance to Previous Year by Region of the 24 Hotels with Variable Rent, etc. (2020)

4. Infection Prevention Measures by HMJ

- ◆ Example of initiatives to prevent COVID-19
HMJ provides customers with safe and secure stays by implementing the measures in highest level to prevent COVID-19.

Clean & Safe Policy

Hotel Management Japan Group Hotel is dedicated to thorough "avoidance of the Three Cs(*)" and "hygiene management." We will embody the three codes of service and implement measures to prevent COVID-19.

① Prevent infections by contact

* The "Three Cs" represents Closed spaces with poor ventilation, Crowded places with many people nearby and Close-contact settings such as close-range conversations.
(From the Ministry of Health, Labour, and Welfare Website)

Thorough cleaning for sterilization

Disinfect areas that are frequently touched

② Prevent droplet infections

Thorough ventilation

Frequently ventilate everywhere in all the building

③ Thorough promotion

Check of body temperatures upon entry

All guests are required to check body temperatures

Cleaning for extended stay

Staff enter in the guest room at the time of guests' request only

Prevention of droplet infections

Installation a panel at the reception to prevent droplet infections

Installation a disinfection station

Create an environment in public area where guests can use hand sanitizer at any time

New buffet style

Frequently exchange tongs and chopsticks for serving. Please wear masks and gloves when you take food from buffet table

Service staff

All staff wear masks and manage health and hygiene

Avoid congestion

Control waiting lines to keep distance and avoid close contact with staff

Temperature check system at the entrance
<Hilton Tokyo Odaiba>

Thorough disinfection
<Oriental Hotel Fukuoka Hakata Station>

5. Sustainability Initiatives

Aiming for achieving a mid to long-term growth that coexists with society and environment and enhancing sustainability through appropriate actions for ESG issues^(*1)

Sustainability Policy

- ◆ JHR and JHRA stipulated "Sustainability Policy," which defines material issues and initiatives for sustainability in our business

Sustainability Policy

- Monitoring and improvement of environmental performance in our portfolio
- Promotion of comfortable, healthy, secure and safe hotels
- Promotion of ESG in value chains
- Consideration for and contribution to local communities
- Initiatives for our officers and employees
- Compliance as corporate citizens
- Improvement of transparency and engagement with our stakeholders

CASBEE Certification for Buildings^(*3) (May 2020)

- ◆ Hilton Tokyo Odaiba received CASBEE Certification for Buildings, (B+: Good) for the first time as existing hotel

Acquisition of BELS Certification^(*4)

- ◆ JHR obtained a BELS certification for two properties, Hotel Nikko Alivila and Mercure Okinawa Naha, for the first among J-REIT owned hotels

Hotel Nikko Alivila

Mercure Okinawa Naha

GRESB Real Estate Assessment^(*2)

- ◆ JHR received a "Green Star" designation. It was highly evaluated in both "Management & Policy" and "Implementation & Measurement" areas with regards to initiatives for environmental considerations and sustainability

- ▶ Highest ranking

Acquired **Green Star**

- ▶ "GRESB Rating"

Acquired **3-star**

Accommodate COVID-19 Patients

- ◆ Accommodated COVID-19 patients with mild or no symptoms (Two hotels)
 - Of COVID-19 patients in Tokyo, accommodate those who are with mild or no symptoms
 - Introduced cleaning and welcoming robots to make stay at hotels safer and more comfortable

^(*1) For sustainability policy and examples of initiatives by JHR, please see websites of JHR (<https://www.jhrth.co.jp/en/about/sustainability.html>).

^(*2) The GRESB is an annual benchmarking program to evaluate ESG considerations of property companies and real estate funds. The GRESB Real Estate Assessment is distinguished by its comprehensive evaluation of initiatives for sustainability of property companies, REITs and real estate funds, not of individual properties. GRESB rating is a relative evaluation based on comprehensive scores and the highest being "5-stars."

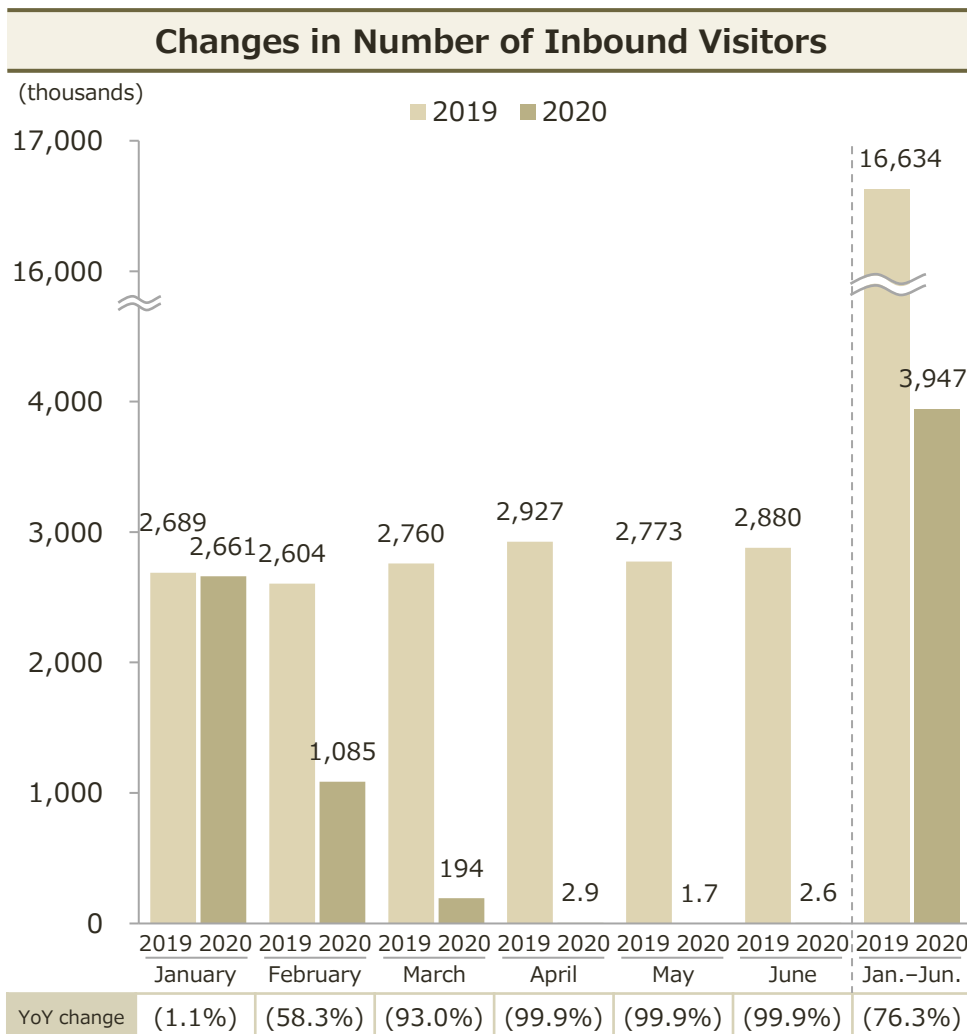

^(*3) CASBEE (Comprehensive Assessment System for Built Environment Efficiency) is a method for evaluating and rating the environmental performance of buildings. CASBEE Certification for Buildings is granted for assessment results provided by CASBEE for New Construction, Existing Buildings, and Renovation. Assessment results by CASBEE are indicated in a scale of the following five ranks: "S: Superior," "A: Very Good," "B+: Good," "B-: Slightly Poor," and "C: Poor."

^(*4) BELS (Building-Housing Energy-Efficiency Labeling System) is a display system of energy conservation performance of a building set by Ministry of Land, Infrastructure, Transport and Tourism.

V . Market Environment

1. Market Environment

- ◆ The number of inbound visitors since April was close to zero

Source: Number of International Visitors to Japan by Japan National Tourism Organization (JNTO)
 (*) The numbers for Jan.-Apr. 2020 are provisional numbers, and May-Jun. are estimated numbers.

- ◆ Hit the bottom in April and May under the state of emergency
- ◆ The number of Japanese overnight guests has recovered slowly since June

Source: Statistics of Overnight Travel by Japan Tourism Agency
 (*) Rounded off to the nearest millions of people.
 Numbers for Jan.-May 2020 are second preliminary figure, numbers for June 2020 are first preliminary figure.

1. Market Environment (cont.)

- ◆ Consumption by inbound visitors and Japanese overseas travel is at the same level
- ◆ Shift from overseas travel to domestic travel is expected

Changes in Number of Consumer Outlook Survey in Tourism

Source: Consumer Outlook Survey in Tourism by Japan Tourism Agency

(*) Numbers for Jan.-Mar. 2020 are first preliminary figure.

- ◆ Part of new hotel opening plans were canceled or postponed
- ◆ The number of new supplies in Tokyo and Osaka, where mass supply has continued, is expected to decrease from 2021 onwards

Supply of Rooms in Hotels/Ryokans in Japan

Source: Estimated by the Asset Management Company using data from "Public Health Administration Report" by Ministry of Health, Labour and Welfare (MHLW), a weekly hotel & restaurant magazine (HOTERES), and Nikkei Telecom.

(*) Ratio of new supply is the ratio of new rooms to be supplied in a year to the stock of rooms at the beginning of the year. With regard to the above data, please note that in case the number of rooms are stated as "to be determined" by hotels, the asset management company has used 180, the average number of new supply of hotel rooms, for calculation.

1. Market Environment (cont.)

- ◆ To stimulate tourism demand, the government has started support measures with unprecedented budgets

Measures to stimulate domestic tourism demand by the government

Go To Travel Campaign

- One of four campaigns to stimulate tourism demand

Summary	Travelers can receive up to 50% subsidies on accommodation and daytrip in Japan Of the subsidies, 70% is granted as a discount on travel expenses and 30% is given by vouchers that can be used in local areas when travelling Up to JPY20,000 per person per night (up to JPY10,000 for daytrip) (no limit of the number of consecutive nights at the destination and number of times you can use)
Budget	JPY1,350Bn (80% of Go To Campaign)
Schedule	The discount of travel has started on July 22, 2020

Diversification of vacations and promotion of new style of travel

"Workation" (work + vacation)	Pleasure	Satellite Office	Stay-on Trip
Remote work at areas including resort and hot springs	Extend stay on business trip to enjoy leisure	Accommodation facilities can be used as office	Experience local nature for a period of time, including weekdays

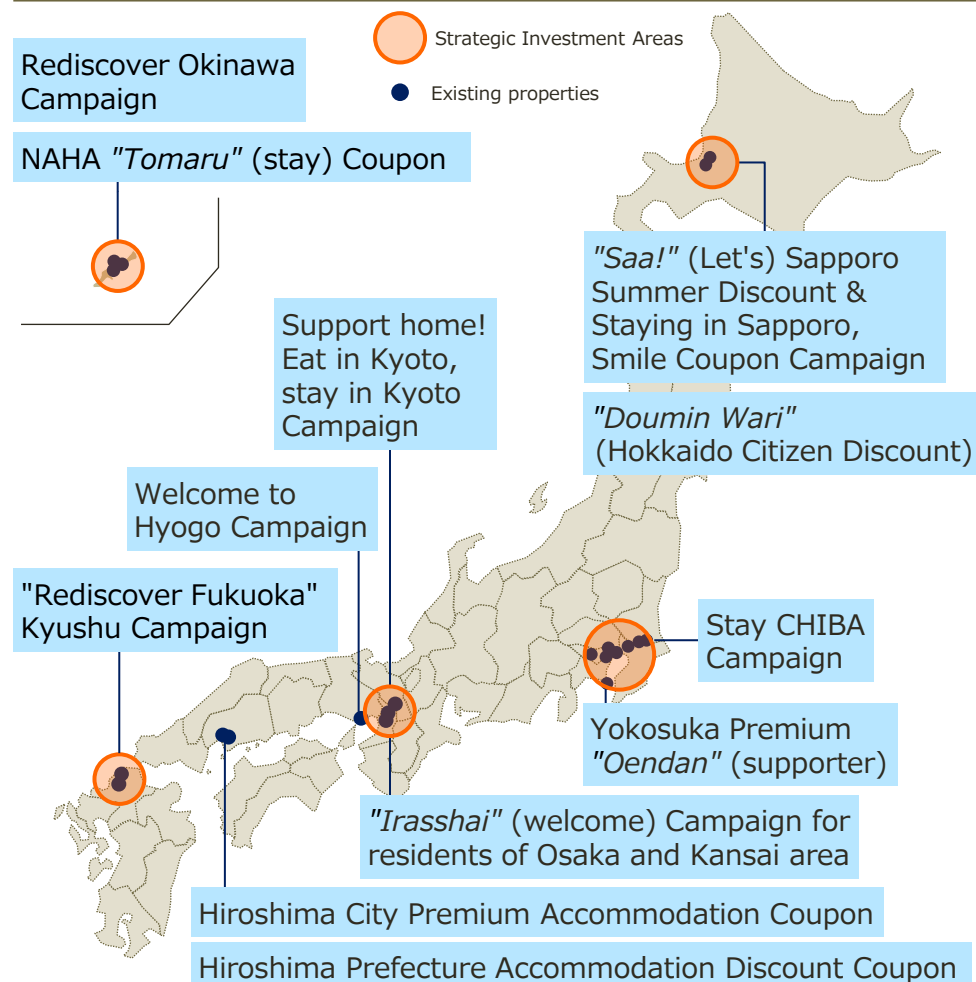

Promote "new style of travel" in tourist spot and accommodations

Source: "Supplementary budget related to Japan Tourism Agency for the fiscal year 2020" "Summary of Go To travel campaign" "Initiatives to increase travel consumption and diversification of vacations" (minutes of Tourism Strategy Promotion Council) by Japan Tourism Agency

(*) The above information is planned as of the end of July 2020. The budget is the amount in supplementary budget for the fiscal year 2020.

- ◆ Campaigns for encouraging travel unique to each local government have started, and encourage local travel

Campaigns for encouraging travel by major local governments

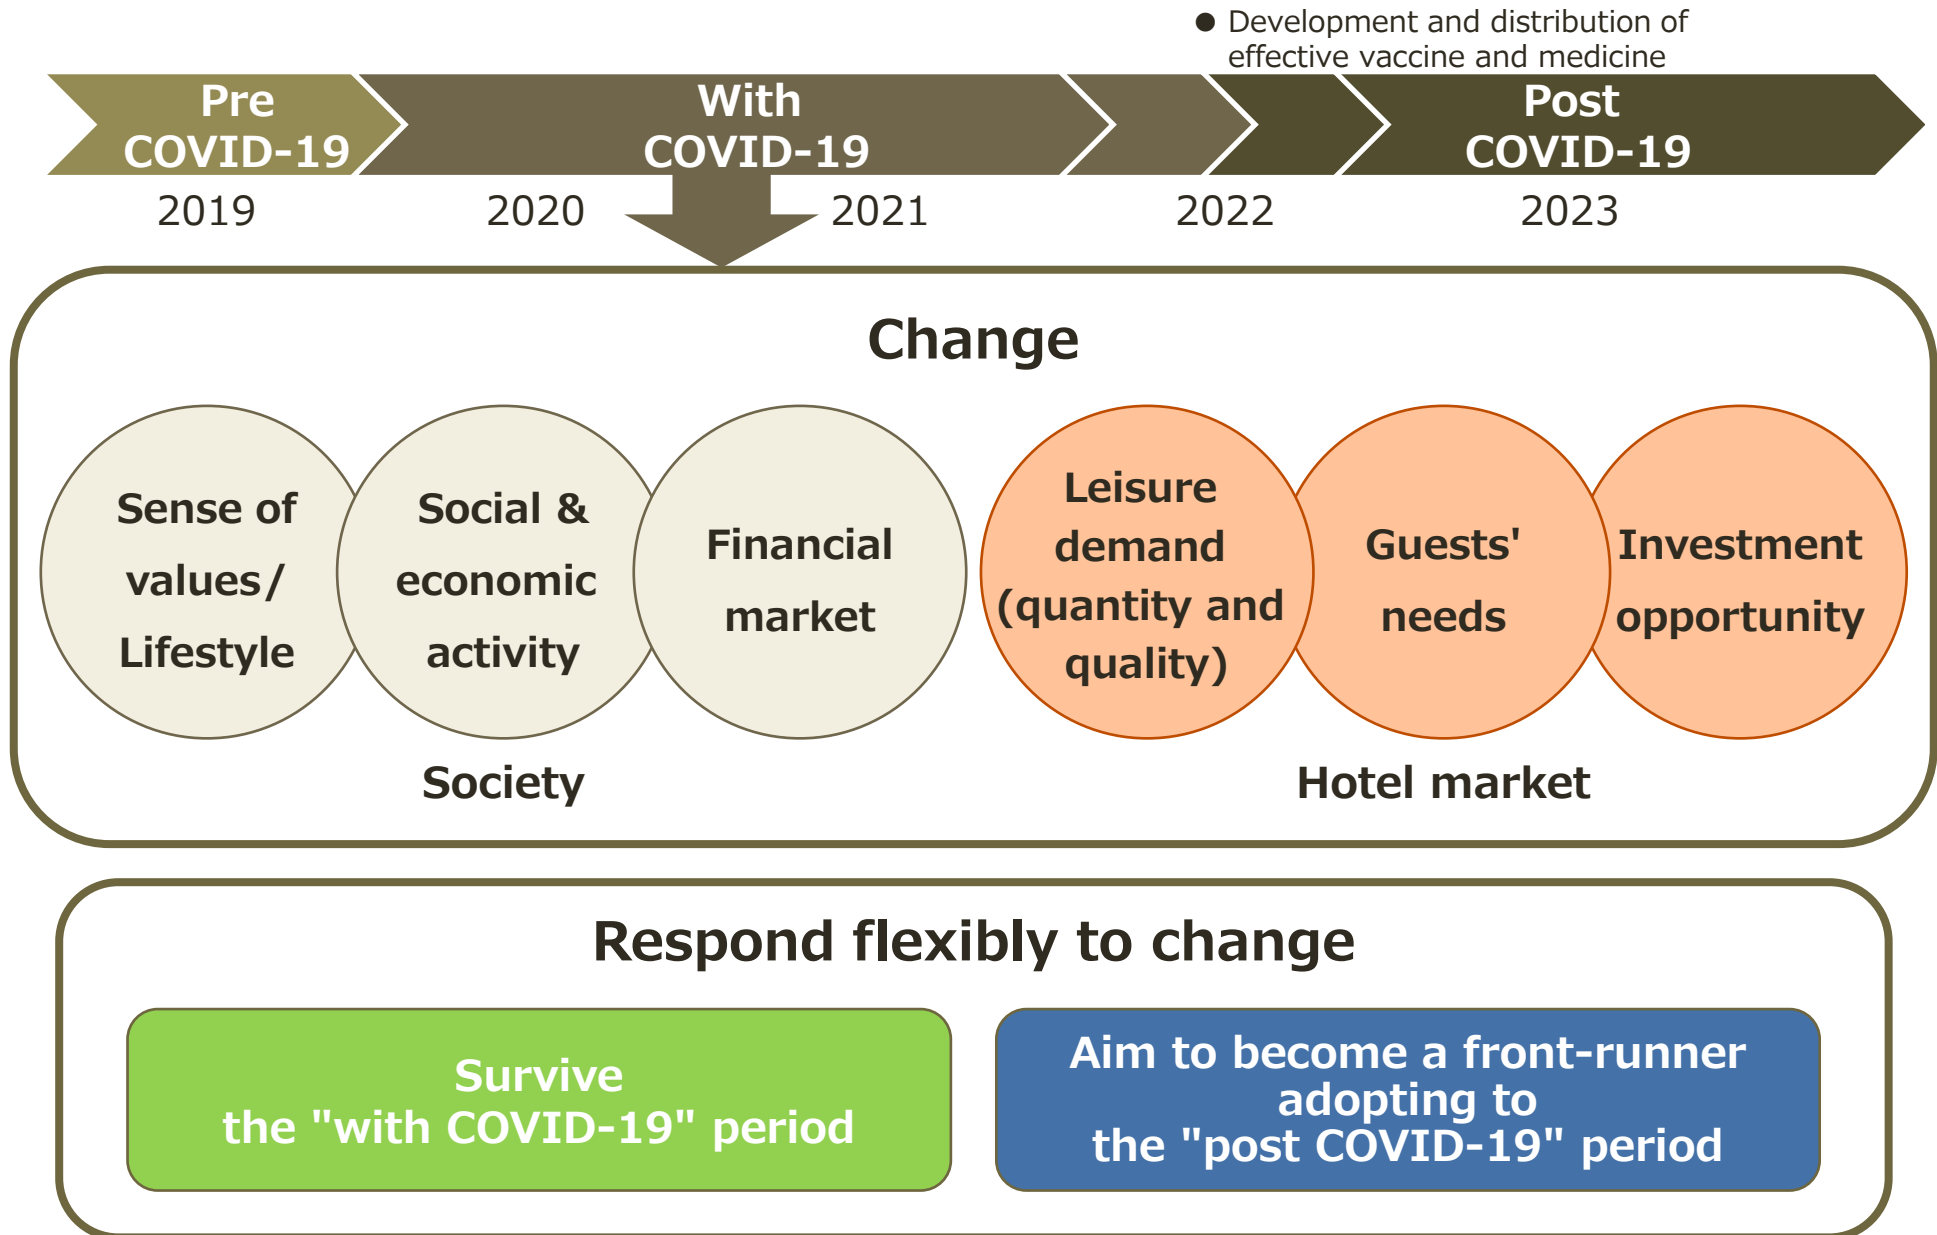

Source: Disclosures by each local government

(*) Stating major campaigns in the areas where the hotels owned by JHR. Each campaign was confirmed as of the end of July 2020 and may change in the future.

VI. Takeaways

1. Takeaways

Appendix 1

JHR's Characteristics and Strategy

Aim to increase dividend for mid to long term

Strong ability in acquiring properties

- Highly recognized as Japan's largest J-REIT specializing in hotels
- High presence and credibility in the property market by continuously acquiring properties
- Capability to propose various acquisition schemes and to execute acquisitions

High capability in achieving internal growth

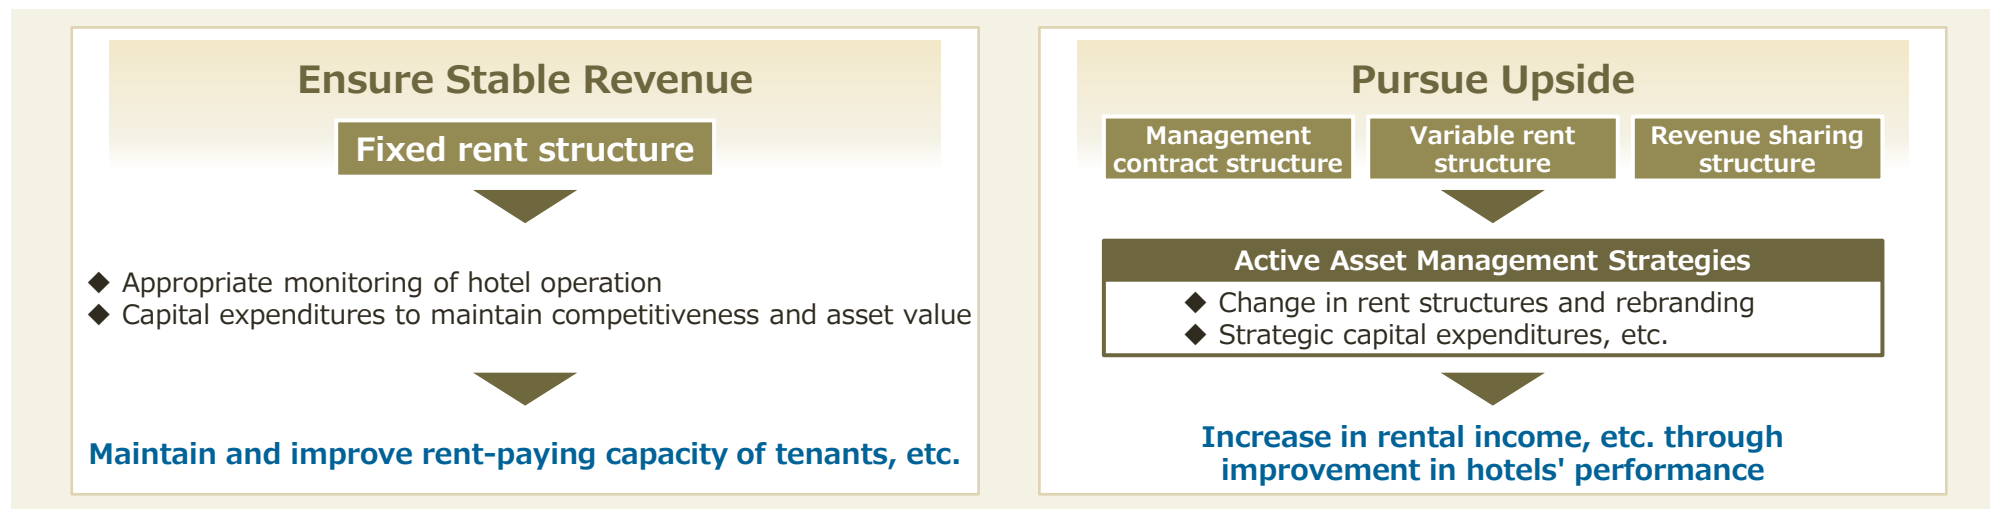

- Management approach through active asset management strategies that achieves a good balance between stability and upside potential
- Increase in hotel revenue through collaboration with high-quality operators
- Attract inbound demand through enhanced international brand portfolio
- Strengthen and maintain competitiveness by investing in appropriate capital expenditures

Stable financing capability

- Secure sound and stable finance
- Diversify financing methods

2. Simultaneous Pursuit of Stability and Upside Potential

◆ JHR pursues both stability and upside potential by steadily implementing growth strategies

Proportion of Rental Income

2019 Actual
(annualized)

2020 Forecast
(annualized)

(*) Variable rent, Rent from revenue sharing and Income from management contracts

Proportion of Rent Structures

(as of August 25, 2020)

(*) Fixed rent + variable rent structure
Fixed rent + revenue sharing structure
Variable rent structure and management contract structure

Recognition of External Environment

Trend of the Hotel Investment Market

- Amid the rapid economic downturn caused by the COVID-19, hotel revenue has been largely hit and unprecedented events, such as requests for rent reductions from tenants and concerns about the creditworthiness of hotel operators have occurred. As a result, the hotel market, which had been brisk due to the expansion of inbound demand, has been turning around and the business environment continues to be challenging.
- In the short term, both sellers and buyers are quiet due to the uncertainty about the market conditions, and hotel transactions are stagnant.
- For medium to long term, demand for domestic and overseas accommodations is expected to recover as a result of the development and commercialization of a vaccine and medicine for COVID-19. As the market recovers, the hotel investment may be revitalized again. However, the competitiveness of hotels is becoming more evident in accordance with the hotel specifications, locations, and the abilities of hotel operators, and it is important to differentiate each hotel.

Basic Policies

- Acquire highly competitive hotel real estate, etc. in areas that have potential to attract "demand by both domestic and inbound leisure customers" in the medium to long-term
- Improve profitability, stability, and quality of the overall portfolio

Key Measures

- Emphasize the superiority of buildings and facilities (infrastructure), operations (services), and locations of hotel real estate, etc.
 - The prime investment targets are "full-service hotels" and "resort hotels" that have high barriers to entry due to operation and management know-how, capital outlay and locations
 - In the case of "limited-service hotels," the creditworthiness of the hotel lessee, the age of the building, location, guest room composition and profitability are important
 - For limited-service hotels specialized in selling single rooms, consider acquisition individually, taking into account the hotel specifications and the possibility of achieving the upside.
 - Especially, proactively review the purchase of hotels that have potential for internal growth by implementing active asset management or the possibility of synergy effect with the existing properties
- Strategic investment areas
 - Hokkaido area, Tokyo and bay area, Osaka/Kyoto area, Fukuoka area, and Okinawa area
- Investigation and planning of the internal growth strategy upon property acquisition
 - Investigate the appropriate rent level and rent structure upon renewal, etc., cost reduction possibilities, and possibilities to improve buildings and facilities
 - Particularly, if the hotel pays variable rent, etc., promote internal growth through collaboration with lessees and/or operators
- Use HMJ's efficient hotel operation platform, etc. to respond to new investment opportunities (such as sales of hotels without operators, etc.) caused by the impact of COVID-19

Recognition of External Environment

Hotel Market Environment

- Due to the spread of infection by COVID-19, both inbound and domestic demand declined significantly, and the Japanese tourism and hotel industries are expected to remain stagnant for the time being. From now on, global trend needs to be watched closely, but inbound and domestic demand are expected to gradually recover as the spread of infections come to an end.
- Although there are supply-demand imbalances depending on the market due to the continued supply of new hotels against the backdrop of robust hotel demand in recent years, there are no changes to the medium to long term trend of expansion in the tourism market accompanying economic growth in the Asia region.
- As hotel operators are temporarily exposed to significant deterioration in the market environment, they must adopt a defensive strategy to maintain sound management and respond flexibly to changes.

Basic Policies

- Pursue both stability and upside potential by steadily implementing active asset management strategies

Key Measures

- Planning and execution of the active asset management in order to realize pursuit in upside revenue
 - Make strategic CAPEX which will improve profitability and strengthen competitiveness mainly at hotels with high growth potential
 - Raise rent and change to rent structures that can achieve upside revenue
 - Reduction of management contract fee of properties under management contract
 - Attract inbound demand through rebranding to international brands
 - Make proactive proposals to build effective hotel operating structures which aim to maximize GOP, from the perspective of both hotel sales and expenses
 - Increase hotel revenue through collaboration with high-quality operators
- Planning and execution of strategic CAPEX which secure steady revenue, and monitoring of lessees
 - Analyze the creditworthiness of hotel lessees, understand hotel income and expenditures, closely observe and improve rent-paying capacity
 - Maintain and improve rent-paying capacity of tenants, etc. through capital expenditures, which lead to maintain and improve competitiveness and asset value
- Flexible approach to the influence of COVID-19
 - Promote drastic restructuring of hotel revenue structure through cost reduction measures centered on thorough efficiency improvement of operating structure
 - Develop appropriate products and improve hotel facility environment in response to major changes in the market environment
 - Appropriately implement strategic CAPEX in response to the conditions of the domestic accommodation and tourism markets as well as changing customer needs

Recognition of External Environment

Trend of Financing Environment and Interest Rates

- In the first half 2020, both the number of public offering (including IPOs) and the amount of fund procured by J-REITs were smaller than the previous year due to the financial market turmoil caused by the spread of infection by COVID-19. The Tokyo Stock Exchange RIET Index fell sharply in mid-March and has remained weak since then.
- Although there has been no change in supportive attitude by financial institutions. However, some sectors, such as hotels, have seen a cautious stance toward long-term loan and upward pressure on interest rates due to the spread of infection by COVID-19.
- Both short-term and long-term interest rates remain at low levels due to the monetary easing policy.
- As for investment corporation bonds, issuance of green bonds continues to increase, but the amount of issuance is on a declining trend.

Basic Policies

- Ensure healthy and stable finance
- Strengthen lender formation and relationships with financial institutions
- Diversify financing methods

Key Measures

- Maintain LTV level at a maximum of 50% (total asset base) for the time being
- Diversify financing methods such as public offerings and issuance of investment corporation bonds
- Improve financial stability by diversifying repayment periods and fixing interest rates, etc. as necessary
- Optimize borrowing costs
- Aim to improve liquidity on hand and further strengthen the financial base by controlling capital expenditures, etc.

6. Benefits Program for Unitholders

JHR implemented benefits program for unitholders to obtain a better understanding, improve their satisfaction and expand the investor

◆ Eligible recipients of complimentary coupons

Complimentary coupons will be sent to those who hold ten or more JHR units at the end of June every year (end of the midterm settlement)

<FY2020>

Eligible unitholders: 16,369

Valid period: One year between October 1, 2020 to September 30, 2021

◆ Details of the benefits program

Five complimentary coupons for accommodations and five complimentary coupons for restaurants(*)
10% discount from the best rate for accommodation by each hotel and 10% discount for restaurants

(*) Complimentary coupons for restaurants are only available at selected hotels.

(*1) Under the category of Hotel Type, "Full-service" is full-service hotel, "Resort" is resort hotel, and "Limited-service" is limited-service hotel.

(*2) Mainly based on ADR, etc., JHR has classified the hotels into four categories as "luxury," "upper-middle," "mid-price," and "economy."

(*3) Average age: Weighted average calculated as follows. The sum of (acquisition price of each property x property age)/total acquisition price.

(*4) The acquisition price in the Purchase & Sale Agreement for the Beneficial Interest in Trust, etc. is indicated. (Consumption tax, amount equivalent to consumption tax, brokerage fee, and other purchase-related costs are excluded.)

(*5) Book value as of the end of June 2020.

(*6) Investment ratio indicate percentage of the acquisition price of each asset to the total acquisition price. Numbers beyond one decimal place is rounded off.

(*7) Actual for six months from January to June 2020. Since the lessees did not agree to disclose numbers in units of JPY1,000 for No. 11 and 12, amounts are rounded down to the nearest JPY million.

(*8) NOI yield (forecast) states forecast of NOI yield (annualized) for FY12/2020. NOI yield for the portfolio is calculated as follows: Total NOI for FY12/2020 (forecast) (annualized) ÷ total acquisition price of properties expected to be held of the end of FY12/2020.

(*9) Sotetsu Fresa Inn Shimbashi-Karasumoriguchi was sold on July 1, 2020. The appraisal value as of the end of June 2020 states the sales price.

<Organization Chart>

Mission Statement

"Provide attractive hotel investment opportunities to investors as specialist in investment and management of hotel assets. Gain trust from our stakeholders, and contribute to local communities and society through investing and managing hotel assets."

Code of Conduct

As an independent asset management company, all employees and officers at JHRA should have a **"spirit of challenge"** aiming to constantly provide high added value.

Also, **"teamwork"** is inevitable to provide high added value.

JHRA recognizes "challenge" and "teamwork" as essential value which our code of conduct is based upon.

Challenge

- Be a self-starter, take initiative and demonstrate drive
- Set high goal and strive
- Respect creativity and innovation
- Promote challenge, free from fear of failure

Teamwork

- Respect teamwork and collaborate with team-mates
- Respect others. Respect values and opinions of others
- Promote "sharing" (idea, knowledge, information, goal, achievement, joy of achievement, lesson, etc.)
- Make effort for open, frank and sincere communication

Advanced Expertise

- ◆ Ability to propose transaction scheme, execute transaction, and plan and execute unprecedented measures of asset management based on in-depth understanding of hotel operation and track record of such asset management.
- ◆ Extensive experience of renovation and rebranding through collaboration with many hotel lessees and hotel operators.
- ◆ Strong and long-term relationships with a large number of hotel lessees and hotel operators.
- ◆ High analytical skills and accurate judgement capacity based on rich information and data obtained through a broad network and high credibility.

Ensured Independence

- ◆ No employee of JHRA is a seconded employee from sponsor.
- ◆ Part-time directors from our main sponsor, SC CAPITAL PARTNERS group and non-sponsor-related full-time directors each account for half of JHRA's board of directors.
- ◆ With regard to transactions with sponsor-related parties and JHR, JHRA has set strict decision-making rules. In principle, in addition to obtaining approval by Compliance Committee which includes an outside specialist, who is authorized to dismiss proposals, JHRA is required to obtain approval from JHR's board of directors' meetings (directors are all third-party members who do not have any relationship with the sponsor-related parties).
- ◆ As our main sponsor, SC CAPITAL PARTNERS group is also an independent asset management company, it fully understands and respects importance of JHRA's independency. JHRA conducts asset management business based upon its own judgement.

This material is prepared and provided solely for the purpose of providing information and not to offer, solicit, or do business, etc. with specific products including purchase of investment units, investment unit subscription rights, or investment corporation bonds of Japan Hotel REIT Investment Corporation ("JHR") or any other particular products. If any discrepancy is identified between this translation and the Japanese original, the Japanese original shall prevail.

This material is neither a disclosure document nor an investment report required under or prepared pursuant to the Financial Instruments and Exchange Act, Act on Investment Trusts and Investment Corporations and related government ordinances, Cabinet Office regulations, listing rules by Tokyo Stock Exchange, Regulations of The Investment Trusts Association, Japan, or other related rules and regulations.

This material contains forward-looking statements about financial conditions, operational results, and businesses of JHR, as well as plans and intentions of JHR and its asset management company, Japan Hotel REIT Advisors Co., Ltd ("JHRA"). Such forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause actual results or performance of JHR to materially differ from those expressed or implied forecasts. Those forecasts are made based on JHR's present and future business strategies and assumptions relating to the political and economic circumstances surrounding JHR in the future.

Every effort has been made to ensure the accuracy of the information contained in this material. However, there can be no assurance that the information is accurate, complete, appropriate or fair. The information may be revised or retracted without prior notice.

Regarding the offering and trading of investment units, investment unit subscription rights or investment corporation bonds, financial institutions may charge you pre-determined handling fees and other charges aside from the price of the investment units, investment unit subscription rights or investment corporation bonds. Since neither JHR nor JHRA handles the offering and trading of investment units, investment unit subscription rights or investment corporation bonds, please ask financial institutions for the amount, upper limit, and calculation methods of such fees and other charges.

JHR mainly invests in real estate-related assets, primarily hotels which are subject to change in values. Therefore, unitholders, holders of investment unit subscription rights and investment corporation bonds may suffer losses due to economic conditions of the real estate market or securities market, economic situations including interest rate environment, the nature of investment units, investment unit subscription rights, and investment corporation bonds, dependency on mechanisms and related persons of investment corporations, changes in legal systems related to real estate (include tax regulations, building regulations and others), damage caused to the real estate-related assets by natural disasters, fluctuation in prices or profitability of the real estate-related assets, nature of the trust beneficiary rights under management, delisting of the investment units, or worsening financial position or insolvency of JHR. For details, please refer to the Articles of Incorporation, Securities Registration Statement, Annual Securities Report and Extraordinary Report, etc. of JHR.
